1. interpret functions using real-world contexts by translating across multiple representations including symbols, tables, graphs, and words
2. identify and analyze families of functions including linear, polynomial, rational, exponential, and logarithmic functions
3. determine key characteristics of functions including global properties and local patterns of change, and interpret their meanings in context (e.g., asymptotes, concavity, end behavior, extrema, increasing/decreasing intervals, turning points)
4. apply algebraic techniques including symbolic manipulation to solve for a variable, digital resources, and regression analysis to create, analyze, and interpret appropriate models (either functions or systems of equations) of real-life phenomena (e.g., regression analysis, symbolic manipulation to solve for a variable)
5. combine and modify existing functions to create new functions (e.g., composition of functions; cost, revenue, and profit functions; transformations of functions)

**Required Textbook Package and Supplies**

**Textbook and Homework Package:** This course has online homework. If you are enrolled in the course by the end of the second week of classes, the Bursar's Office will automatically charge your student account for the (online) book and homework package. If you wish to purchase a loose-leaf paper copy of the book, they are available at the bookstore for \$31.50. The title is *Functions & Change: A Modeling Approach to College Algebra, 6<sup>th</sup> edition* by Crauder, Evans, and Noell.

If you are taking another online course that uses a Cengage platform for homework, you should consider the Cengage Unlimited subscription (see flyer in D2L). It is \$119.99 for four months and gives you access to ALL the books and platforms for Cengage products. Cengage is the platform for MindTap, WebAssign, CengageNow, Aplia, Sam, iLrn, and Owl.

**Graphing Calculator:** You are required to have a graphing calculator for this course. I will use a TI-83 graphing calculator for class demonstrations. You may check out a TI-83/TI-84 graphing calculator from the Mathematics Department (401 MS) for use during the semester while supplies last; there is no charge. Please get one early – they do run out.

### Course Evaluation

Grades will be calculated according to the following system.

Written HW / HW quizzes	15%
Online homework	15%
Exam 1	15%
Exam 2	15%
Exam 3	15%
Final exam	20%
Attendance & participation	5%

Letter grades will be assigned as follows:

### Homework

You will find the **written** homework assignments in the Content area of our class D2L (Brightspace) site. Written homework will be due Wednesdays.

The online homework problems can be found in Web Assign (<http://www.webassign.net/>). Online homework will be due Mondays and Fridays by 11:59 pm. You will need to create an account for WebAssign. The course key will be posted on D2L.

### Written Homework quizzes:

The first 10 minutes of each class on Wednesday will be a short quiz corresponding to the written homework. **You may use your written homework, but no other notes, on this quiz.**

Each quiz will be worth 100 points: 50 points for the quiz page, and 50 points for completing all the assigned homework problems.

Notes about homework:

- Problems must be submitted in the order assigned. The problem number (and only the problem number) must be written in the left-hand column.
- All work must be **neat and legible**. If I cannot read your work, I cannot give you credit for it.
- Answers must be in **complete sentences**.
- Homework with jagged edges will not be accepted.
- Pages must be stapled together (**not** dog-eared).

### **Examinations**

There will be three fifty-minute examinations and one comprehensive final exam. Make-up exams will be given only if you request and obtain approval in advance, and only for serious and unavoidable conflicts. Makeup exams will be arranged between the student and instructor. Serious and unavoidable conflicts do not include things like vacations, even if airline tickets are non-refundable and arranged by your family. Please **DO NOT** ask to take the final exam early. If you miss the final exam, you will be given the opportunity to take it the following semester.

Thursday, Sept. 13, 5:30 - 6:30 pm  
Location: AGH 107

Thursday, Oct. 18, 5:30 - 6:30 pm  
Location: AGH 107

Thursday, Nov. 15, 5:30 - 6:30 pm  
Location: AGH 107

Final exam: Wed., Dec. 12, 4:00 - 5:50 pm  
Location: AGH 107

### **Attendance and Participation**

Attendance is very important in any course. Not surprisingly, students who attend class regularly do better! Please come to class prepared to work. **Bring a notebook, a pencil, and your graphing calculator to class with you each day.** Please do not ask if it is okay for you to miss class or if what is covered in class on a given day is important; the decision to miss class is yours alone. You do not need, nor will you receive, my permission.

Attendance will be taken each day and is part of your grade. Arriving late or leaving early will result in your not earning full credit for that day. Similarly, texting / surfing the web / otherwise being distracted will result in only partial credit for that day. You are allowed two missed classes without penalty. Attendance may be made up only in the event of an absence due to a

university-sponsored event and at the instructor's discretion. Making up attendance points due to such an event requires appropriate documentation as to the nature of your participation.

**I NEED HELP WITH MY HOMEWORK! WHERE DO I GO?**

- You can email me; I respond to email quickly and I am fairly good at helping over email.
- You can visit my office hours! Students rarely make use of this - but if you want help, this is scheduled time that I will sit with you and work on math. *You should take me up on this offer!*
- **MLSC** (Math Learning Success Center): The MLSC is located on the 5<sup>th</sup> floor of the library. There are tutors available to help you with your homework! They are fantastic! *You should check this place out; it is a beautiful space with super helpful people.*

**Cell phones and other electronics**

Please turn off your cell phones in class, and put them away. Cell phones may not be used at any time during class, unless cleared in advance by the instructor. Use of a cell phone or other electronics during class for any reason, including but not limited to phone calls, texting, games, or use of the phone as a calculator will result in you being considered absent for the class.

**D2L Site:** All written homework assignments will be posted on the D2L site (oc.okstate.edu). Any additional information, such as additional office hours, will also be posted on D2L.

**DROPPING A COURSE AND WITHDRAWING FROM THE UNIVERSITY**, students often confuse these terms.

**Dropping a Course** (or courses) may occur during the first twelve weeks of the semester. This means, however, that you are still enrolled in at least one other OSU course. Exceptions to the deadlines above may only be considered by petition due to documented extraordinary circumstances and committee approval. The Retroactive Drop/Withdraw Petition and the Petition for a Refund of Tuition and Fees forms are available on the Registrar's website <http://registrar.okstate.edu/Forms>.

**Withdrawing** from the university means dropping *all* courses and you *are no longer enrolled for the current semester*. This may occur until the Friday before pre-finals week. The withdrawal process is initiated with your academic advisor. For additional information and dates, go to: <http://academicaffairs.okstate.edu/content/adding-dropping-and-withdrawing-courses>.

### **ALERTS AND RESCHEDULING**

If the OSU campus officially closes due to inclement weather or other emergencies, alerts are provided to local news media and posted on the OSU website. Missed exams, classes, or assignments may be rescheduled at times outside the normal meeting schedule. If valid, documented circumstances prohibit students from attending the rescheduled classes, instructors should provide reasonable alternative means for makeup.

### **SEEK ANSWERS TO YOUR QUESTIONS**

The OSU faculty and staff want you to be successful in your educational pursuits. If you have questions or concerns, seek help EARLY. We are here to assist you.

### **ACADEMIC INTEGRITY**

101 Whitehurst/405-744-5627/<http://academicintegrity.okstate.edu>

OSU is committed to maintaining the highest standards of integrity and ethical conduct. This level of ethical behavior and integrity will be maintained in this course. Participating in a behavior that violates academic integrity (e.g., unauthorized collaboration, plagiarism, multiple submissions, cheating on examinations, fabricating information, helping another person cheat, unauthorized advance access to examinations, altering or destroying the work of others, and altering academic records) will result in an official academic sanction. Violations may subject you to disciplinary action including the following: receiving a failing grade on an assignment, examination or course, receiving a notation of a violation of academic integrity on your transcript, and being suspended from the University. You have the right to appeal the charge.

### **COPYRIGHT & FAIR USE POLICY OF COURSE MATERIALS**

Course materials may not be published, leased, sold to others, or used for any purpose other than appropriate OSU-related individual or group study without the written permission of the faculty member in charge of the course and other copyright holders. This paragraph grants you a limited license giving you access to materials for this course, including PowerPoint slides, audio/video recordings, written, or other materials, for appropriate OSU-related educational use only. Lectures should not be recorded without permission from the faculty member and must not be further disseminated or shared.

### **CLASS ATTENDANCE**

Class attendance is a critical component of learning; therefore, you are expected to attend and participate fully in all scheduled class meetings. Many instructors consider attendance so essential that your grade may be affected by your absence. *SOME DEPARTMENTS AND PROFESSORS HAVE MANDATORY ATTENDANCE POLICIES*. If no written attendance policy is provided before the last day to add a class without instructor permission, no penalty may be assessed for class absences although you may not be permitted to make up certain in-class activities. If you are required to participate in official university-sponsored activities or military training, you should receive an excused absence unless the written course attendance policy indicates otherwise. If you will be absent from class for sponsored activities, you must provide prior notification of the planned absence to the instructor. You may be required to submit assignments or take examinations before the planned absence.

### **PRE-FINALS WEEK POLICY**

Final examinations are scheduled at the end of each semester and are preceded by pre-finals week, which begins seven days prior to the first day of finals. During pre-finals week, all normal class activities will continue; however, no assignment, test, or examination accounting for more than 5% of the course grade may be given; and no activity or field trip may be scheduled that conflicts with another class. This excludes makeup and laboratory examinations, out-of-class assignments (or projects) made prior to pre-finals week and independent study courses. No student or campus organization may hold meetings, banquets, receptions, or may sponsor or participate in any activity, program, or related function that requires student participation. For additional information, contact the Office of Academic Affairs, 405-744-5627, 101 Whitehurst.

### **FINAL EXAM OVERLOAD POLICY**

In the event you have three or more final exams scheduled for a single day, you are entitled to arrange with the instructor of the highest numbered course (4 digit course number) or two highest, if you have four finals on one day, to re-schedule that examination(s) at a time and place of mutual convenience during final exam week. If the final exam overload includes a common final exam, the common final exam is excluded from rescheduling unless multiple common exams are scheduled at the same time. You should submit this request in writing, with a copy of your class schedule, at least two weeks prior to the beginning of final exam week. The instructor has one week prior to the beginning of final exam week to arrange a mutually convenient time and place for administration of the final exam. After one week, if an agreement cannot be reached, take the request to the department head.

### **INFORMATION TECHNOLOGY**

**Student Email** - OSU uses your OKSTATE.EDU email address as a primary form of communication. Students are expected to check their OSU email on a frequent and consistent basis to remain informed of their official university business. If you do not use the OSU email system you must redirect your okstate.edu email using the Orange-Key System ([www.okey.okstate.edu](http://www.okey.okstate.edu)). Failure to maintain an accurate email address may result in missed or lost university communications. For email assistance contact the IT Helpdesk at 405-744-HELP (4357).

**Computer Labs** - A complete description of computer labs and hours of operations are available at their website: <https://it.sharepoint.okstate.edu/TechnologySupport/DeskSide/default.aspx>. Lab information is also available by calling the Information Technology Help Desk at 405-744-HELP (4357).

### **Equal Opportunity**

408 Whitehurst/405-744-9153/<https://1is2many.okstate.edu/>

OSU is committed to maintaining a learning environment that is free from discriminatory conduct based on race, color, religion, sex, sexual orientation, gender identity, national origin, disability, age or protected veteran status. OSU does not discriminate on the basis of sex in its educational programs and activities. Examples of sexual misconduct and/or sex discrimination include: sexual violence, sexual harassment, sexual assault, domestic and intimate partner violence, stalking, or gender-based discrimination. OSU encourages any student who thinks that he or she may have been a victim of sexual misconduct or sexual discrimination to immediately report the incident to the Title IX Coordinator (405-744-9153) or Deputy Title IX Coordinator (405-744-5470). Students may also report incidents of sexual misconduct or sex discrimination to a faculty or staff member, who is then required by federal law (Title IX) to notify the Title IX or Deputy Title IX Coordinator. If a reporting student would like to keep the details confidential, the student may speak with staff in the Student Counseling Center (405-744-5472) or one of the University's Sexual Assault Victim Advocates (Mon-Fri 8 AM-5 PM, 405-564-2129 or 24 Hour Help Line 405-624-3020).

### **Student Disability Services**

315 Student Union/405-744-7116/<http://sds.okstate.edu/>

According to the Americans with Disabilities Act, each student with a disability is responsible for notifying the University of his/her disability and requesting accommodations. If you think you have a qualified disability and need special accommodations, you should notify the instructor and request verification of eligibility for accommodations from Student Disability Services. Please advise the instructor of your disability as soon as possible, and contact Student Disability Services, to ensure timely implementation of appropriate accommodations. Faculty have an obligation to respond when they receive official notice of a disability but are under no obligation to provide retroactive accommodations. To receive services, you must submit appropriate documentation and complete an intake process to verify the existence of a qualified disability and identify reasonable accommodations.

### **Student Conduct Education and Administration**

328 Student Union/405-744-5470/<http://studentconduct.okstate.edu/>

By enrolling at Oklahoma State University, you accept responsibility for complying with all University policies and contracts, and for local, state and federal laws on- or off-campus that relate to the University's mission. **The Student Code of Conduct** educates students about their civic and social responsibilities including policies and procedures involving student misconduct.

In general, the University expects students to aspire to follow and promote the Cowboy Community Standards or integrity, community, social justice, respect, and responsibility.
