Math 1483 – Math Functions and Uses

Fall 2018

Section 62039, MWF, 12:30-1:20pm in room HSCI 029
Section 62043, MWF, 1:30-2:20 pm in room HSCI 004
Instructor: Karen Strande
Office: Math Sciences 444
Office Hours: MW, 2:30pm—3:30pm in my office
Thursday at 3:30—4:20 pm at MLSC
Also by appointment
* Telephone: 744-5688 – This is the math department land line, and does not receive text messages
* e-mail: karen.strande@okstate.edu

Course Objectives: Students will be able to

1. interpret functions using real-world contexts by translating across multiple representations including symbols, tables, graphs, and words

2. identify and analyze families of functions including linear, polynomial, rational, exponential, and logarithmic functions

3. determine key characteristics of functions including global properties and local patterns of change, and interpret their meanings in context (e.g., asymptotes, concavity, end behavior, extrema, increasing/decreasing, intervals, turning points)

4. apply algebraic techniques including symbolic manipulation to solve for a variable, digital resources, and regression analysis to create, analyze, and interpret appropriate models (either functions or systems of equations) of real-life phenomena (e.g., regression analysis, symbolic manipulation to solve for a variable)

5. combine and modify existing functions to create new functions (e.g., composition of functions; cost, revenue, and profit functions; transformations of functions)

Required Textbook Package and Supplies:

- **Textbook and Homework Package.** This course has online homework. If you are enrolled in the course by the end of the second week of classes, the Bursar's Office will automatically charge your student account for the (online) book and homework package. If you wish to purchase a loose leaf paper copy of the book, they are available at the bookstore for $31.50. The title is *Functions & Change: A Modeling Approach to College Algebra, 6th edition* by Crauder, Evans, and Noell. I highly recommend a loose leaf paper copy of the book.

- **Graphing Calculator.** You are required to have a graphing calculator for this course. I will use a TI-84 graphing calculator for class demonstrations. You may check out a TI-83/TI-84 graphing calculator from the Mathematics Department (401 MS) for use during the semester while the supply lasts; there is NO charge. Please get one early - they do run out.

Course Evaluation: Grades will be calculated according to the following formula:

* Homework and in-class assignments: Homework is a vital component to learning mathematics. You will be given homework over each of the sections in the text that we cover. Most problems will be assigned with answers in the back of the textbook so that you can check your work. Time will be given in class to answer questions about the homework. On occasion you will be asked to work in a group and submit your work. Homework will be collected at announced times and will be accompanied by a short quiz over the homework to check for comprehension. Please be professional with the homework by following these guidelines:

- Homework assignment number must be at the top of every assignment
- Problems must be submitted in the order assigned; the problem number (and only the problem number) must be written in the left-hand column.
- All work must be in pencil, neat and legible. If I cannot read your work, I cannot give you credit for it.
- In many cases, answers must be in complete sentences.
- Homework with jagged edges will not be accepted.
- Pages must be stapled together (not dog-eared)

You will find the homework assignments in the Content area of the online site. Each homework will be listed by the section number covered in class.

Online Homework: Online homework will be assigned on Web assign with appropriate due dates. Late work is not accepted.

* Examinations: There will be three fifty-minute examinations and a comprehensive final exam. Makeup exams will be given only if you request and obtain approval in advance, and only for serious and unavoidable conflicts. Makeup exams will be arranged between the student and instructor. Serious and unavoidable conflicts do not include things like vacations, even if airline tickets are non-refundable and arranged by your family. If you miss the final exam, you will be given the opportunity to take it the following semester.

Exams will be given on the following dates in AGH 275 from 5:30-6:30 pm:

Exam 1  Sept. 13
Exam 2  Oct. 18
Exam 3  Nov. 15

The final exam will be given at the time scheduled in the OSU exam schedule (available at http://registrar.okstate.edu/Exams)

Math Functions Common Final exam is given Dec. 12, 2018, from 4 -5:50 pm

* Attendance: Attendance is very important in any course. Not surprisingly, students who attend class regularly do better! Please come to class prepared to work. Bring your textbook, a notebook, a pencil, and your graphing calculator to class with you each day. Please do not ask if it is okay for you to miss class or if what is covered in class on a given day is important; the decision to miss class is yours alone. You do not need, nor will you receive, my permission.

1. You must be present for the entire class session in order to be counted as present.

2. The instructor has complete discretion in awarding attendance points. If you are sleeping during class, or are otherwise not participating in class (including texting, working on the computer, etc.), you will be counted as absent.
3. I will also calculate an attendance score based on the percentage of classes that you attend. (If you are not meeting the expectations above for class participation, you may lose some or all of your attendance credit for the day.) If you absolutely must miss class, you need to provide documentation and have your absence approved in advance whenever possible.

**MLSC (Math Learning Success Center)** The MLSC is located on the 5th floor of the library. The schedule will be posted online. It is an additional resource for help with your homework.

**Cell Phones and other electronics:** Please turn off your cell phones in class, and put them away. Cell phones may not be used at any time during class, unless cleared in advance by the instructor. Use of a cell phone or other electronics, during class for any reason, including, but not limited to phone calls, texting, or games, will result in you being considered **absent for the class**.

**Brightspace Site:** All written homework assignments will be posted on the D2L site (oc.okstate.edu). All grades will also be posted with automatic updates. Any additional information, such as additional office hours, will also be posted online.

**Additional University Information:**

**Syllabus Attachment:** OSU has compiled useful information that applies to all classes. A link will be posted online. This website includes add/drop/withdrawal dates, university holidays, accommodations for students with disabilities, academic resources, and much more. You are responsible for reading this information now and having any questions answered.

**Incomplete Grade:** The grade of "I" is given to students who satisfactorily completed the majority of the course work and whose work averages "D" or better, but who have been **unavoidably** prevented from completing the remaining work of the course. A condition that the students must repeat the course in order to remove the "I" is not permitted. The maximum time allowed for a student to remove an "I" is one calendar year.

**Academic Integrity:** The university has explicit rules governing academic integrity. Please consult the OSU Syllabus Attachment mentioned above. Working with another person or in study groups on problems can be helpful in learning the material. I encourage you to work together if you find it helpful. However, **all written and on line work submitted must be your own.** Academic dishonesty (cheating) will be dealt with as harshly as the university allows. Don’t do it!

**Special Accommodations for Students:** If you think you have a qualified disability and need special accommodations, you should notify the instructor and request verification of eligibility for accommodations from the Office of Student Disability Services.

* Additional explanations can be found online at [http://academicaffairs.okstate.edu](http://academicaffairs.okstate.edu)

Any changes to this syllabus will be posted on the D2L site and communicated to the students via email.

Student’s Thanksgiving Break 11/21/2018-11/23/2018

DROPPING A COURSE AND WITHDRAWING FROM THE UNIVERSITY, students often confuse these terms.
Dropping a Course (or courses) may occur during the first twelve weeks of the semester. This means, however, that you are still enrolled in at least one other OSU course. Exceptions to the deadlines above may only be considered by petition due to documented extraordinary circumstances and committee approval. The Retroactive Drop/Withdraw Petition and the Petition for Refund of Tuition and Fees forms are available on the Registrar’s website http://registrar.okstate.edu/forms.

Withdrawing from the university means dropping all courses and you are no longer enrolled for the current semester. This may occur until the Friday before pre-finals week. The withdrawal process is initiated with your academic advisor. For additional information and dates, go to: http://academicaffairs.okstate.edu/content/adding-dropping-and-withdrawing-courses.
ALERTS AND RESCHEDULING
If the OSU campus officially closes due to inclement weather or other emergencies, alerts are provided to local news media and posted on the OSU website. Missed exams, classes, or assignments may be rescheduled at times outside the normal meeting schedule. If valid, documented circumstances prohibit students from attending the rescheduled classes, instructors should provide reasonable alternative means for makeup.

SEEK ANSWERS TO YOUR QUESTIONS
The OSU faculty and staff want you to be successful in your educational pursuits. If you have questions or concerns, seek help EARLY. We are here to assist you.

ACADEMIC INTEGRITY
101 Whitehurst/405-744-5627/http://academicintegrity.okstate.edu
OSU is committed to maintaining the highest standards of integrity and ethical conduct. This level of ethical behavior and integrity will be maintained in this course. Participating in a behavior that violates academic integrity (e.g., unauthorized collaboration, plagiarism, multiple submissions, cheating on examinations, fabricating information, helping another person cheat, unauthorized access or alteration of work of others, and altering academic records) will result in an official academic sanction. Violations may subject you to disciplinary action including the following: receiving a failing grade on an assignment, examination or course, receiving a notation of a violation of academic integrity on your transcript, and being suspended from the University. You have the right to appeal the charge.

COPYRIGHT & FAIR USE POLICY OF COURSE MATERIALS
Course materials may not be published, leased, sold to others, or used for any purpose other than appropriate OSU-related individual or group study without the written permission of the faculty member in charge of the course and other copyright holders. This paragraph grants you a limited license giving you access to materials for this course, including PowerPoint slides, audio/video recordings, written, or other materials, for appropriate OSU-related educational use only. Lectures should not be recorded without permission from the faculty member and must not be further disseminated or shared.

CLASS ATTENDANCE
Class attendance is a critical component of learning; therefore, you are expected to attend and participate fully in all scheduled class meetings. Many instructors consider attendance so essential that your grade may be affected by your absence. SOME DEPARTMENTS AND PROFESSORS HAVE MANDATORY ATTENDANCE POLICIES. If no written attendance policy is provided before the last day to add a class without instructor permission, no penalty may be assessed for class absences although you may not be permitted to make up certain in-class activities. If you are required to participate in official university-sponsored activities or military training, you should receive an excused absence unless the written course attendance policy indicates otherwise. If you will be absent from class for sponsored activities, you must provide prior notification of the planned absence to the instructor. You may be required to submit assignments or take examinations before the planned absence.

PRE-FINALS WEEK POLICY
Final examinations are scheduled at the end of each semester and are preceded by pre-finals week, which begins seven days prior to the first day of finals. During pre-finals week, all normal class activities will continue; however, no assignment, test, or examination accounting for more than 5% of the course grade may be given; and no activity or field trip may be scheduled that conflicts with another class. This excludes makeup and laboratory examinations, out-of-class assignments (or projects) made prior to pre-finals week and independent study courses. No student or campus organization may hold meetings, banquets, receptions, or may sponsor or participate in any activity, program, or related function that requires student participation. For additional information, contact the Office of Academic Affairs, 405-744-5627, 101 Whitehurst.

FINAL EXAM OVERLOAD POLICY
In the event you have three or more final exams scheduled for a single day, you are entitled to arrange with the instructor of the highest numbered course (4 digit course number) or two highest, if you have four finals on one day, to re-schedule that examination(s) at a time and place of mutual convenience during final exam week. If the final exam overload includes a common final exam, the common final exam is excluded from rescheduling unless multiple common exams are scheduled at the same time. You should submit this request in writing, with a copy of your class schedule, at least two weeks prior to the beginning of final exam week. The instructor has one week prior to the beginning of final exam week to arrange a mutually convenient time and place for administration of the final exam. After one week, if an agreement cannot be reached, take the request to the department head.

INFORMATION TECHNOLOGY
Student Email - OSU uses their OKSTATE.EDU email address as a primary form of communication. Students are expected to check their OSU email on a frequent and consistent basis to remain informed of their official university business. If you do not use the OSU email system you must redirect your okstate.edu email using the Orange-Key System (www.okey.okstate.edu). Failure to maintain an accurate
email address may result in missed or lost university communications. For email assistance contact the IT Helpdesk at 405-744-HELP (4357).

**Computer Labs** - A complete description of computer labs and hours of operations are available at their website: [https://it.sharepoint.okstate.edu/TechnologySupport/DeskSide/default.aspx](https://it.sharepoint.okstate.edu/TechnologySupport/DeskSide/default.aspx). Lab information is also available by calling the Information Technology Help Desk at 405-744-HELP (4357).

**Equal Opportunity**

409 Whitehurst/405-744-9153/[https://its2.okstate.edu/](https://its2.okstate.edu/)

OSU is committed to maintaining a learning environment that is free from discriminatory conduct based on race, color, religion, sex, sexual orientation, gender identity, national origin, disability, age or protected veteran status. OSU does not discriminate on the basis of sex in its educational programs and activities. Examples of sexual misconduct and/or sex discrimination include: sexual violence, sexual harassment, sexual assault, domestic and intimate partner violence, stalking, or gender-based discrimination. OSU encourages any student who thinks that he or she may have been a victim of sexual misconduct or sexual discrimination to immediately report the incident to the Title IX Coordinator (405-744-9153) or Deputy Title IX Coordinator (405-744-5470). Students may also report incidents of sexual misconduct or sex discrimination to a faculty or staff member, who is then required by federal law (Title IX) to notify the Title IX or Deputy Title IX Coordinator. If a reporting student would like to keep the details confidential, the student may speak with staff in the Student Counseling Center (405-744-5472) or one of the University’s Sexual Assault Victim Advocates (Mon-Fri 8 AM-5 PM, 405-564-2129 or 24 Hour Help Line 405-624-3020).

**Student Disability Services**

315 Student Union/405-744-7116/[http://sdv.okstate.edu/](http://sdv.okstate.edu/)

According to the Americans with Disabilities Act, each student with a disability is responsible for notifying the University of his/her disability and requesting accommodations. If you think you have a qualified disability and need special accommodations, you should notify the instructor and request verification of eligibility for accommodations from Student Disability Services. Please advise the instructor of your disability as soon as possible, and contact Student Disability Services, to ensure timely implementation of appropriate accommodations. Faculty have an obligation to respond when they receive official notice of a disability but are under no obligation to provide retroactive accommodations. To receive services, you must submit appropriate documentation and complete an intake process to verify the existence of a qualified disability and identify reasonable accommodations.

**Student Conduct Education and Administration**

328 Student Union/405-744-5470/[http://studentconduct.okstate.edu/](http://studentconduct.okstate.edu/)

By enrolling at Oklahoma State University, you accept responsibility for complying with all University policies and contracts, and for local, state and federal laws on- or off-campus that relate to the University’s mission. **The Student Code of Conduct** educates students about their civic and social responsibilities including policies and procedures involving student misconduct.

In general, the University expects students to aspire to follow and promote the Cowboy Community Standards or integrity, community, social justice, respect, and responsibility.

**WHERE TO GO FOR HELP**
Academic Related Services

Instructor - If you have questions regarding your class, talk to your instructor. Faculty members usually include their office hours and/or phone number in the class syllabus. If you cannot locate this information, set a time to meet with your instructor by speaking with him/her prior to or immediately following your class session or check with the departmental office on when the instructor may be available.

Academic Advisor - All students will benefit by conferring with an advisor on a regular basis. If you do not know your advisor or would like to learn more, talk to the Student Academic Services Director for your college.
