

Math 2163: Calculus III - Fall 2016
CRN 62982 MWF 09:30-10:20 in Classroom Building 321

Instructor: Adam Estrup

E-mail: adam.estrup@okstate.edu

Office: MS 413 (Mathematical Sciences Building)

Office Hours: Mondays and Wednesdays 10:30-11:30 in the MLSC and
Thursdays 12:00-13:00 in the MLSC.

Prerequisites: MATH 2144 Calculus I and MATH 2153 Calculus II with grades of C or better.

D2L: Written homework assignments, exam solutions, and practice exams will be posted on D2L. <https://online.okstate.edu>

Textbook: J. Rogawski & C. Adams, *Calculus, Early Transcendentals*, 3rd ed., W. H. Freeman and Company, 2015. We will cover most of Chapters 12, 13, 14, & 15 and also part of Chapter 16.

Syllabus Attachment: Read the OSU syllabus attachment on the course webpage (D2L) or at [http://academicaffairs.okstate.edu/sites/default/files/Fall 2016 Syllabus Attachment.pdf](http://academicaffairs.okstate.edu/sites/default/files/Fall%202016%20Syllabus%20Attachment.pdf) Please contact me privately during the first week of the course if you need accommodations as a result of a disability.

MLSC: The Mathematics Learning Success Center (MLSC) provides tutoring and homework help for this course. The MLSC is on the fifth floor of the Edmon Low Library. For more information, including their operating hours, go to <https://www.math.okstate.edu/mlsc>

Homework:

WebAssign: You will need to enroll for this class on WebAssign at <https://webassign.net/> The instructions posted on the course webpage (D2L) may be helpful. You will need the following class key:

okstate 7860 0563

WebAssign homework will be assigned as we complete each section of the book. You are responsible for tracking homework deadlines as they may not always be announced in class.

Written Assignments: In addition to WebAssign homework, there will be written homework assigned and collected approximately once a week. These assignments will be posted to D2L and should be printed.

Exams: There will be three midterm exams, tentatively scheduled for 16 September, 21 October, and 18 November. The final exam will be 09 December, 08:00-09:50. Calculators are not allowed on the exams.

Grading: The homework will count for 30% of your final grade, the midterm exams for 45%, and the final exam for 25%. Earning 90% guarantees an A for the course, 80% a B, 70% a C, and 60% a D.

Attendance & Absences: You are responsible for everything discussed or announced in class. I will offer reasonable accommodation in the event that you miss a major assessment activity for a *valid* and *documented* reason. The documentation must be provided in advance (unless completely impossible) and give a verifiable reason for your absence (e.g., a doctor's note with contact information, proof of involvement in an OSU-sponsored activity, etc.) from an appropriate source. You should not assume you will be eligible for a make-up

assessment unless I have explicitly approved your request.

Academic Integrity: Oklahoma State University is committed to the maintenance of the highest standards of integrity and ethical conduct of its members. This level of ethical behavior and integrity will be maintained in this course. Participating in a behavior that violates academic integrity (e.g., unauthorized collaboration, plagiarism, multiple submissions, cheating on examinations, fabricating information, helping another person cheat, unauthorized advance access to examinations, altering or destroying the work of others, and fraudulently altering academic records) will result in your being sanctioned. Violations may subject you to disciplinary action including the following: receiving a failing grade on an assignment, examination or course, receiving a notation of a violation of academic integrity on your transcript (F!), and being suspended from the University. You have the right to appeal the charge. Contact the Office of Academic Affairs, 101 Whitehurst, 405-744-5627, <http://academicintegrity.okstate.edu>
