Office: MSCS 421

Office Hours: Mondays from 3-5 P.M. in the MLSC, Wednesdays from 3-4 P.M. in my office.
D2L(Online Classroom): <http://oc.okstate.edu>

Required Materials: (1) Textbook: *Functions & Change*, 5th edition, by Crauder, Evans, & Noell
(2) Graphing Calculator: You are required to have a graphing calculator for this course. I will use a TI-84 Plus graphing calculator for class demonstrations. You may check out a TI-83/TI-84 graphing calculator from the Mathematics Department (401 MS) for use during the semester while the supply lasts; there is NO charge.

Homework and Classwork: Unless otherwise stated, homework will be due each class period, and must be turned in when requested. In general, late assignments will not be accepted. Each homework assignment will hold equal weight, and the bottom 3 scores will be dropped from the homework point score. In addition, there will be several in-class assignments.

From time to time, quizzes may be given in class. These quizzes may be individual or group quizzes. The quizzes will also count towards your homework and classwork score.

Missing Work Policy: I will offer reasonable accommodation in the event that you miss a major assessment activity for a valid and documented reason, assuming documentation is provided in advance unless absolutely impossible. For a quiz or exam, you need to tell me as soon as you know there is a conflict and will be ineligible for a make-up if you do not. If you will not make it to class when homework is due you should turn it in early or get a classmate to turn it in for you.

The Mathematics Learning Success Center (MLSC): The MLSC is on the fifth floor of the Edmon Low Library, and is a great resource. The MSLC has tutors who work with students from all math courses, including Functions, and help you with your question. Hours for Calculus I tutoring:

- Monday through Thursday from 1:00 PM until 9:00 PM,
- Friday from 1:00 PM until 5:00 PM,
- Sunday from 1:00 PM until 9:00 PM.

You are encouraged to work and study together, however **all written work you hand in must be your own**. Copying someone else's solutions, letting others copy your work is prohibited. Do not cheat. Violations may subject you to disciplinary action including the following: receiving a failing grade on an assignment, examination or course, receiving a notation of a violation of academic integrity on your transcript (F!), and being suspended from the University.
