Course Plan
MATH 2153—Calculus II
Fall 2014
Section 001, MWF 10:30–11:20, in LSW 202

Instructor Dr. A. Noell; office: MSCS 404, ph: 744-5772; email: `noell@math.okstate.edu`

Office hours MSCS 404: Monday & Wednesday 9:30–10:20 am, Tuesday 1:00–1:50 pm; MLSC: Thursday 1:00–1:50 pm in MLSC

WebAssign site `https://www.webassign.net/login.html` Enroll using the class key **okstate 1784 7316**

Online Classroom (D2L) site `https://oc.okstate.edu` (log in and find this course)

Prerequisite Grade of C or better in Math 2144 or equivalent

Text *Calculus (Early Transcendentals)* (2nd edition) by Jon Rogawski

Format The computational homework will be done using WebAssign. It is extremely important that you keep up with the lectures by reading the text and doing the homework as soon as it is assigned. Write your work on paper before you try to enter answers online. Other work will be required, such as quizzes and written assignments. The two lowest scores from the category of homework, quizzes, and written assignments will be dropped.

Exams There will be three fifty-minute exams, tentatively scheduled for September 19, October 17, and November 21. A comprehensive final exam will be administered from 10:00 to 11:50 on Wednesday morning, December 10. A student shall be offered reasonable accommodation in the event that he or she misses an exam for a valid and documented reason. Clear such conflicts with the instructor in advance of the exam.

Calculators The Department of Mathematics has graphing calculators available for check out to students who are enrolled in mathematics courses. During quizzes and exams you will not be permitted to use any device with a QWERTY keyboard, symbolic manipulation capabilities, or the ability to establish a connection to a cellular or wireless network.

Grading In the determination of the course grade, the combined homework/quiz/written assignment score will count 30%, each fifty-minute exam will count 15%, and the final exam will count 25%. If it will improve your letter grade, the percentage score on your final exam will be used to replace the lowest of your scores from the three fifty-minute exams. The following scores are guaranteed: 90%—A; 80%—B; 70%—C; 60%—D.

University drop policy The last day to drop the course with no grade is Monday, August 25. A grade of "W" will be recorded if the course is dropped after August 25 and before the end of Friday, November 7. The last day to drop the course is Friday, November 7.

Syllabus attachment A syllabus attachment from OSU Academic Affairs is available at

Academic integrity Here is a brief statement of the OSU policy: "Oklahoma State University is committed to the maintenance of the highest standards of integrity and ethical conduct of its members. This level of ethical behavior and integrity will be maintained in this course. Participating in a behavior that violates academic integrity (e.g., unauthorized collaboration, plagiarism, multiple submissions, cheating on examinations, fabricating information, helping another person cheat, unauthorized advance access to examinations, altering or destroying the work of others, and fraudulently altering academic records) will result in your being sanctioned. Violations may subject you to disciplinary action including the following: receiving a failing grade on an assignment, examination or course, receiving a notation of a violation of academic integrity on your transcript (F!), and being suspended from the University. You have the right to appeal the charge. Contact the Office of Academic Affairs, 101 Whitehurst, 405-744-5627, academicintegrity.okstate.edu." Note that informal discussion of homework assignments with other students can be helpful, but you must write up your solutions in your own words and based on your own work. Here are examples of violations of academic integrity: joining with others in writing solutions on the board and then copying them on your paper; examining another student's written work before submitting an assignment; using solutions obtained from the Internet.

Etiquette As a courtesy to others in the classroom, please turn off and stow all electronic devices before class begins.
