

Math 1483 – Math Functions and Uses

Fall 2015

Instructor: Shashank Chorge
Office: 443 Math Sciences
Office Hours: Wednesday 3.30 to 4.30 MLSC
Also by appointment
*** E-mail:** chorge@okstate.edu

Course Objectives: Students will learn to analyze linear, exponential, logarithmic, and other functions and their graphs from the viewpoint of rates of change. Special emphasis will be placed on applications to the natural sciences, agriculture, business, and the social sciences.

Required Textbook Package and Supplies:

- **Textbook Package.** *Functions & Change: A Modeling Approach to College Algebra, 5th edition* by Crauder, Evans, and Noell.
- **Graphing Calculator.** You are required to have a graphing calculator for this course. I will use a TI-83 graphing calculator for class demonstrations. You may check out a TI-83/TI-84 graphing calculator from the Mathematics Department (401 MS) for use during the semester while the supply lasts; there is NO charge. Check out times will be announced in class.

Course Evaluation: Grades will be calculated according to the following formula:

Point Distribution	
Homework	200 points
Exam #1	100 points
Exam #2	100 points
Final Exam	200 points
Total Available	600 points

Grading Scale	
540-600 points	A
480-540 points	B
420-480 points	C
360-420 points	D
0-420 points	F

* **Homework:** Homework will be due each week, and must be turned in when requested. Late assignments will not be accepted. There will be about 12 assignments. Homework assignment number must be at the top of every assignment

- Problems must be submitted in order, the problem number (and **only** the problem number) must be written in the left-hand column.
- All work must be in pencil, neat and legible. If I cannot read your work, I cannot give you credit for it.
- In most cases, answers must be in complete sentences.
- Homework with jagged edges will not be accepted.
- Pages must be stapled together (**not** dog-eared)

* **Examinations:** There will be 2 seventy five-minute examinations and a 200-point comprehensive final exam. Makeup exams will be given only if you request and obtain approval in advance, and only for serious and unavoidable conflicts. Makeup exams will be arranged between the student and instructor. Serious and unavoidable conflicts do not include things like vacations, even if airline tickets are non-refundable and arranged by your family. If you miss the final exam, you will be given the opportunity to take it the following semester.

Exams will be given in class on the following dates:

Thursday, September 17

Thursday, October 22

The final exam will be given in our regular classroom* at the time scheduled in the OSU exam schedule:

Attendance: Attendance is very important in any course. Not surprisingly, students who attend class regularly do better! Please come to class prepared to work. Bring your textbook, a notebook, a pencil, and your graphing calculator to class with you each day. Please do not ask if it is okay for you to miss class or if what is covered in class on a given day is important; the decision to miss class is yours alone. You do not need, nor will you receive, my permission.

Attendance will be taken each day and may be reported along with your grade. You must pay attention and participate in class activities to be counted as present.

MLSC (Math Learning Success Center): The MLSC is located on the 5th floor of the library. The schedule will be posted on D2L. It is an additional resource for help with your homework.

Cell Phones: Turn off your cell phones in class. Cell phones may not be used at any time during class, unless cleared in advance by the instructor. Use of a cell phone during class for any reason, including, but not limited to phone calls, texting, or games, will result in you being considered absent for the class.

D2L Site: All homework assignments will be posted on the D2L site (oc.okstate.edu). Any additional information, such as additional office hours, will also be posted on D2L.

Additional University Information:

Syllabus Attachment: OSU has compiled useful information that applies to all classes. A link will be posted on D2L. This website includes add/drop/withdrawal dates, university holidays, accommodations for students with disabilities, academic resources, and much more. You are responsible for reading this information now and having any questions answered.

Incomplete Grade: The grade of "I" is given to students who satisfactorily completed the majority of the course work and whose work averages "D" or better, but who have been unavoidably prevented from completing the remaining work of the course. A condition that the students must repeat the course in order to remove the "I" is not permitted. The maximum time allowed for a student to remove an "I" is one calendar year.

Academic Integrity: The University has explicit rules governing academic integrity. Please consult the OSU Syllabus Attachment mentioned above. Working with another person or in study groups on problems can be helpful in learning the material. I encourage you to work together if you find it helpful. However, **all written and on line work submitted must be your own.** Academic dishonesty (cheating) will be dealt with as harshly as the university allows. Don't do it!

Special Accommodations for Students: If you think you have a qualified disability and need special accommodations, you should notify the instructor and request verification of eligibility for accommodations from the Office of Student Disability Services.

* **Additional explanations can be found on the D2L site.**

Any changes to this syllabus will be posted on the D2L site and communicated to the students via email.
