**Prerequisites:** Minimum grade of C for MATH-2153, or equivalent AP exam credit; differential and integral calculus of functions of several variables and an introduction to vector analysis.

Grades: The course grade is based on 1000 points which are distributed as follows:

Homework	$200 \mathrm{pt}$
Quizzes	$100 \mathrm{pt}$
Three In-class Exams@150each	$450 \mathrm{pt}$

**Calculators & Important Comments:** Calculators (not graphing/programming) will be allowed on exams and quizzes. It is also important that you learn to do simple manipulations by hand. Class attendance is expected. Reading the sections in the textbook ahead of time is recommended. The Mathematics Learning Success Center (MLSC), on 5th floor of Edmon Low Library, can provide free tutoring assistance and other services. Please, check the exact office hours via the website http://www.math.okstate.edu/mlsc or call (405) 744-5818.
